If this is your first time using OverDrive you will need to enter your email address in the boxes where indicated. You will get an email when the item is available to be checked out, and will have 72 hours from when the email is sent to checkout and download your hold.

5. Click the **Loans icon**  at the top of the page to see items you have checked out.
6. At the **Loans** screen, find the item you checked out and click **Choose a Format**. Choose **EPUB Book**. A message will appear asking if you have Adobe Digital Editions installed. Click **Confirm**. Your eBook will be downloaded.
7. Open the downloaded eBook file (If prompted by your web browser, click **Save** then **Open**.) Your eBook should open in Adobe Digital Editions. You can now read your downloaded title on your computer.

- To transfer your eBook to your eReader, plug your eReader into your computer. In Adobe Digital Editions click the word **Library** to enable **Library View**. Your eReader should appear under **Devices** on the left –hand side. Drag and drop the title from the right-hand side onto your device.
